

Where state, county, and/or MCD/CDD boundaries coincide, the map shows the boundary symbol for only the highest-ranking of these boundaries.

- 1 A "°" following an MCD name denotes a false MCD. A "°" following a place name indicates that a false MCD exists with the same name and FIPS code as the place; the false MCD label is not shown.
- 2 Place label color correlates to the place fill color.

The diagram illustrates the plotted map scale. It consists of two horizontal scale bars. The top bar is labeled '1 Kilometers' and has markings at 0, 0.2, 0.4, 0.6, and 0.8. The bottom bar is labeled '1 Mile' and has markings at 0, 0.2, 0.4, and 0.6. Below these bars, the text reads: 'The plotted map scale is 1:9000'.

NAME: Chisago County (025)
ENTITY TYPE: County or statistically equivalent entity
ST: Minnesota (27)
